Volume 25: 1987

Abdominal hydatid disease, *Echinococcus granulosus*, pelvic hydatidosis, disseminated hydatidosis, cystic hydatid disease, mebendazole, 473
Abdominal pregnancy, extopic pregnancy, misdiagnosis, echography, fetal monitoring, heroin addict, laparotomy, 323
Abortion, pregnancy termination, community-based study, Nigeria, contraception, 41
Adenocarcinoma, tumor previa, late pregnancy, 337
Amebiasis, genitalia, carcinoma, sexually transmitted disease, 249
Amenorrhea, ovary, gonadotropin, ultrasound, auto-immunity, karyotype, 121
Androgens, late postmenopause, estrogens, bone density, DHEA-S, andro-stenedione, 217
Androstenedione, late postmenopause, androgens, estrogens, bone density, DHEA-S, 217
Antenatal clinic attendance, trial labor, prior cesarean section, uterine dehiscence, oxytoxic stimulation, repeat cesarean section, 405
Antenatal iron supplementation, iron in sickle cell disease, iron in pregnancy, sickle cell disease, sickle cell anemia, hemoglobinopathy, 433
Antepartal death, twin pregnancy, placentation, mode of delivery, maternal morbidity, neonatal morbidity, 331
Antibiotics, hysterectomy, infection, cephalosporins, cancer, surgery, 133
Appropriate technology, symphysiotomy, cesarean section, cephalopelvic disproportion, Tanzania, delivery care history, previous symphysiotomy, 451
Assessment, ultrasound, cervix, risk, pregnancy, 25
Auto-immunity, amenorrhea, ovary, gonadotropin, gonadotropin, ultrasound, karyotype, 121

Basal body temperature, rubella vaccination, clinical reaction, HLA types, progesterone, menstrual cycle, 207
Basement membranes, extracellular matrix, fibronectin, pre-eclampsia, reticulo-endothelial system, nephelometry, 441
Biopsy, vaginal neoplasia, intraepithelial neoplasia, cytology, calposcopy, Schiller test, 359
Biparietal diameter, fetal liver measurement, ultrasonography, gestational age, fetal femur length, 381
Birth rate, maternal morbidity, maternal mortality, 283
Bladder movement, placenta percreta, 417
Bone density, late postmenopause, androgens, estrogens, DHEA-S, androstenedione, 217
Bone mineral index, premenopausal hysterectomy, hot flush, gonadotrophin, estradiol, ultrasound, 459
Breech presentation, pregnancy, external version, fetal heart rate monitoring, tocolysis, 277

Cancer, hysterectomy, infection, antibiotics, cephalosporins, surgery, 133
Carcinoma cervix, sequential, radiation change, 303
Carcinoma, genitalia, amebiasis, sexually transmitted disease, 249
Cephalopelvic disproportion, symphysiotomy, cesarean section, Tanzania, delivery care history, previous symphysiotomy, appropriate technology, 451
Cephalosporins, hysterectomy, infection, antibiotics, cancer, surgery, 133
Cervical carcinoma, cervical intraepithelial neoplasia, metaplasia, diagnosis, colposcopy, gland openings, 223
Cervical cerclage, incompetent cervix, fetal salvage, 13
Cervical intraepithelial neoplasia, cervical carcinoma, metaplasia, diagnosis, colposcopy, gland openings, 223
Cervix, ultrasound, assessment, risk, pregnancy, 25
Cesarean section, Saudi Arabia, 387
Cesarean section, symphysiotomy, cephalopelvic disproportion, Tanzania, delivery care history, previous symphysiotomy, appropriate technology, 451
Child-birth following primary cesarean section, pre-trial scoring for primary cesarean section, 199
Chronic pelvic inflammatory disease, uterine fibromyomata, infertility, hypertension, wound infection, prophylactic antibiotics, 413
Clinical assessment, estrogen and progesterone receptors, ovarian tumors, hormonal therapy, 145
Clinical reaction, rubella vaccination, HLA types, basal body temperature, progesterone, menstrual cycle, 207
Colombia, contraceptive sterilization, sterilization failure, minilaparotomy, laparoscopy, silastic band, 235
Colposcopy, cervical carcinoma, cervical intraepithelial neoplasia, metaplasia, diagnosis, gland openings, 223
Colposcopy, vaginal neoplasia, intraepithelial neoplasia, cytology, Schiller test, biopsy, 359
Combined intrauterine extrauterine gestation, 465
Comparative study, intrauterine contraceptive device, TCu 200, Nova T, contraceptive efficacy, side effects, 59
Community-based study, pregnancy termination, abortion, Nigeria, contraception, 41
Complication of hysterectomy, emergency obstetric hysterectomy, placental disorders, uterine rupture, extension of uterine incision, prostaglandins, 437
Confidential enquiries, viral hepatitis, Ethiopia, maternal mortality, non-A, non-B hepatitis, folk beliefs, 99

Contraception, pregnancy termination, abortion, community-based study, Nigeria, 41
Contraceptive efficacy, intrauterine contraceptive device, TCu 200, Nova T, side effects, comparative study, 59
Contraceptive sterilization, sterilization failure, minilaparotomy, laparoscopy, silastic band, Colombia, 235
Continuation, Copper T-200, termination, expulsion, pregnancy, removal, side-effect, 315
Copper T-200, continuation, termination, expulsion, pregnancy, removal, side effect, 315
Cord blood gas measurement, umbilical blood gas, fluoride, 9
Cord knot, umbilical cord, pregnancy pathology, 395
Cross-sectional study, grand multiparity. low birth weight, homogeneous population, longitudinal study, 1
Cystic hydatid disease, *Echinococcus granulosus*, pelvic hydatidosis, disseminated hydatidosis, abdominal hydatid disease, mebendazole, 473
Cytology, vaginal neoplasia, intraepithelial neoplasia, colposcopy, Schiller test, biopsy, 359

Delivery care history, symphysiotomy, cesarean section, cephalopelvic disproportion, Tanzania, previous symphysiotomy, appropriate technology, 451
DHEA-S, late postmenopause, androgens, estrogens, estrogens, bone density, androstenedione, 217
Diagnosis, cervical carcinoma, cervical intraepithelial neoplasia, metaplasia, colposcopy, gland openings, 223
Dilation and curettage, endometrial hyperplasia, vacuum curettage, uterine neoplasms, 369
Disseminated hydatidosis, *Echinococcus granulosus*, pelvic hydatidosis, abdominal hydatid disease, cystic hydatid disease, mebendazole, 473

Echography, abdominal pregnancy, ectopic pregnancy, misdiagnosis, fetal monitoring, heroin addict, laparotomy, 323
Echosonography, intrauterine devices, postpartum contraception, 53
Echinococcus granulosus, pelvic hydatidosis, disseminated hydatidosis, abdominal hydatid disease, cystic hydatid disease, mebendazole, 473
Ectopic pregnancy, abdominal pregnancy, misdiagnosis, echography, fetal monitoring, heroin addict, laparotomy, 323
Embryo transfer, gonadotropin stimulation, follicle aspiration, ultrasound, oocyte retrieval, in vitro fertilization, 309
Emergency obstetric hysterectomy, placental disorders, uterine rupture, extension of uterine incision, prostaglandins, complication of hysterectomy, 437
Endometrial hyperplasia, dilatation and curettage, vacuum curettage, uterine neoplasms, 369
Endometriosis, laparoscopy, tuboperitoneal factor, infertile women, hysterosalpingogram, tubal syrgery, 47
Endometriosis, round ligament of uterus, sterility, fertility, inguinal hernia, inguinal tumor, 469
Estradiol, premenopausal hysterectomy, hot flush, gonadotrophin, bone mineral index, ultrasound, 459
Estrogen abd progesterone receptors, ovarian tumors, clinical assessment, hormonal therapy, 145
Estrogen receptors, recurrence, therapeutic response, 127
Estrogens, late postmenopause, androgens, bone density, DHEA-S, androstenedione, 217
Ethiopia, viral hepatitis, maternal mortality, non-A, non-B hepatitis, confidential inquiries, folk beliefs, 99
Expulsion, Copper T-200, continuation, termination, pregnancy, removal, side-effect, 315
Extension of uterine incision, emergency obstetric hysterectomy, placental disorders, uterine rupture, prostaglandins, complication of hysterectomy, 437
External version, pregnancy, breech presentation, fetal heart rate monitoring, tocolysis, 277
Extracellular matrix, basement membranes, fibronectin, pre-eclampsia, reticulo-endothelial system, nephelometry, 441

Fertility, endometriosis, round ligament of uterus, sterility, inguinal hernia, inguinal tumor, 469
Fetal effects, maternal alkalosis, 65
Fetal femur length, fetal liver measurement, ultrasonography, gestational age, biparietal diameter, 381
Fetal heart rate monitoring, pregnancy, external version, breech presentation, tocolysis, 277
Fetal liver measurement, ultrasonography, gestational age, biparietal diameter, fetal femur length, 381
Fetal monitoring, abdominal pregnancy, ectopic pregnancy, misdiagnosis, echography, heroin addict, laparotomy, 323
Fetal salvage, incompetent cervix, cervical cerclage, 13
Fibronectin, basement membranes, extracellular matrix, pre-eclampsia, reticulo-endothelial system, nephelometry, 441
Fluoride, umbilical blood gas, cord blood gas measurement, 9
Folk beliefs, viral hapatitis, Ethiopia, maternal mortality, non-A, non-B hapatitis, confidential inquiries, 99
Follicle aspiration, gonadotropin stimulation, ultrasound, oocyte retrieval, in vitro fertilization, embryo transfer, 309
Foreign body, pelvic abscess, 155

Gap junctions, myometrium, labor, prostaglandins, uterus, pregnancy, 241
Genitalia, amebiasis, carcinoma, sexually transmitted disease, 249
Gestational age, fetal liver measurement, ultrasonography, biparietal diameter, fetal femur length, 381
Gland openings, cervical carcinoma, cervical intraepithelial neoplasia, metaplasia, diagnosis, colposcopy, 223
Gonadotropin, amenorrhea, ovary, ultrasound, auto-immunity, karyotype, 121
Gonadotropin, premenopausal hysterectomy, hot flush, estradiol, bone mineral index, ultrasound, 459

Gonadotropin stimulation, follicle aspiration, ultrasound, oocyte retrieval, in vitro fertilization, embryo transfer, 309
Grand multiparity, low birth weight, homogeneous population, longitudinal study, cross-sectional study, 1
Growth retardation, twins, perinatal mortality, size at birth, 399

Hemoglobinopathy, antenatal iron supplementation, iron in sickle cell disease, iron in pregnancy, sickle cell disease, sickle cell anemia, 433
Hemorrhage, maternal deaths, ruptured uterus, obstructed labour, maternal infections, 93
Hepatis B vaccine, immunogenicity, passive immunisation, pregnancy, 297
Heroin addict, abdominal pregnancy, ectopic pregnancy, misdiagnosis, echography, fetal monitoring, laparotomy, 323
High risk pregnancy, home delivery, traditional birth attendants, traditional midwives, traditional obstetrics, 375
HLA types, rubella vaccination, clinical reaction, basal body temperature, progesterone, menstrual cycle, 207
Home delivery, high risk pregnancy, traditional birth attendants, traditional midwives, traditional obstetrics, 375
Homogeneous population, grand multiparity, low birth weight, longitudinal study, cross-sectional study, 1
Hormonal therapy, estrogen and progesterone receptors, ovarian tumors, clinical assessment, 145
Hormone profile, intrauterine device, 139
Hot flush, premenopausal hysterectomy, gonadotrophin, estradiol, bone mineral index, ultrasound, 459
Hypertension, pre-eclampsia, methyldopa, 35
Hypertension, uterine fibromyomata, infertility, chronic pelvic inflammatory disease, wound infection, prophylactic antibiotics, 413
Hysterectomy, infection, antibiotics, cephalosporins, cancer, surgery, 133
Hysterosalpingogram, laparoscopy, tuboperitoneal factor, infertile women, endometriosis, tubal surgery, 47

Immunogenicity, hepatis B vaccine, passive immunisation, pregnancy, 297
Incompetent cervix, fetal salvage, cervical cerclage, 13
Indomethacin in pregnancy, patent ductus ateriosus, preterm labor, 73
Infection, hysterectomy, antibiotics, cephalosporins, cancer, surgery, 133
Infertility, pregnancy outcome, 113
Infertility, uterine fibromyomata, chronic pelvic inflammatory disease, hypertension, wound infection, prophylactic antibiotics, 413
Infertile women, laparoscopy, tuboperitoneal factor, hysterosalpingogram, endometriosis, tubal surgery, 47
Inguinal hernia, endometriosis, round ligament of uterus, sterility, fertility, inguinal tumor, 469
Inguinal tumor, endometriosis, round ligament of uterus, sterility, fertility, inguinal hernia, 469
Intraepithelial neoplasia, vaginal neoplasia, cytology, colposcopy, Schiller test, biopsy, 359
Intrauterine contraceptive device, TCu 200, Nova T, contraceptive efficacy, side effects, comparative study, 59
Intrauterine device, hormone profile, 139
Intrauterine devices, postpartum contraception, echosonography, 53
Intrauterine fetal death, management, 185
In vitro fertilization, gonadotropin stimulation, follicle aspiration, ultrasound, oocyte retrieval, embryo transfer, 309
Iron deficiency anemia, pregnancy complications, hematologic, serum ferritin, prevalence factors, iron status, 291
Iron in pregnancy, antenatal iron supplementation, iron in sickle cell disease, sickle cell disease, sickle cell anemia, hemoglobinopathy, 433
Iron in sickle cell disease, antenatal iron supplementation, iron in pregnancy, sickle cell disease, sickle cell anemia, hemoglobinopathy, 433
Iron status, pregnancy complications, hematologic, serum ferritin, iron deficiency anemia, prevalent factors, 291

Karyotype, amenorrhea, ovary, gonadotropin, ultrasound, auto-immunity, 121

Labor, myometrium, gap junctions, protaglandins, uterus, pregnancy, 241
Laparoscopy, contraceptive sterilization, sterilization failure, minilaparotomy, silastic band, Colombia, 235
Laparoscopy, tuboperitoneal factor, infertile women, hysterosalpingogram, endometriosis, tubal surgery, 47
Laparotomy, abdominal pregnancy, ectopic pregnancy, misdiagnosis, echography, fetal monitoring, heroin addict, 323
Late postmenopause, androgens, estrogens, bone density, DHEA-S, andro-stenedione, 217
Late pregnancy, tumor previa, adenocarcinoma, 337
Longitudinal study, grand multiparity, low birth weight, homogeneous population, cross-sectional study, 1
Low birth weight, grand multiparity, homogeneous population, longitudinal study, cross-sectional study, 1

Management, intrauterine fetal death, 185
Maternal alkalosis, fetal effects, 65
Maternal deaths, hemorrhage, ruptured uterus, obstructed labour, maternal infections, 93
Maternal infections, maternal deaths, hemorrhage, ruptured uterus, obstructed labour, 93
Maternal morbidity, maternal mortality, birth rate, 283
Maternal morbidity, twin pregnancy, antepartal death, placentation, mode of delivery, neonatal morbidity, 331
Maternal mortality, maternal morbidity, birth rate, 283
Maternal mortality, viral hepatitis, Ethiopia, non-A, non-B hepatitis, confidential inquiries, folk beliefs, 99
Mebendazole, *Echinococcus granulosus*, pelvic hydatidosis, disseminated hydatidosis, abdominal hydatid disease, cystic hydatid disease, 473

Menstrual cycle, rubella vaccination, clinical reaction, HLA types, basal body temperature, progesterone, 207
Metaplasia, cervical carcinoma, cervical intraepithelial neoplasia, diagnosis, colposcopy, gland openings, 223
Methyldopa, hypertension, pre-eclampsia, 35
Minilaparotomy, contraceptive sterilization, sterilization failure, laparoscopy, silastic band, Colombia, 235
Misdiagnosis, abdominal pregnancy, ectopic pregnancy, echography, fetal monitoring, heroin addict, laparotomy, 323
Mode of delivery, twin pregnancy, antepartal death, placentation, maternal morbidity, neonatal morbidity, 331
Myometrium, labor, gap junctions, prostaglandins, uterus, pregnancy, 241

Neonatal morbidity, twin pregnancy, antepartal death, placentation, mode of delivery, maternal morbidity, 331
Nephelometry, basement membranes, extracellular matrix, fibronectin, pre-eclampsia, reticulo-endothelial system, 441
Newborn, uterine prolapse, procidentia, 151
Nigeria, pregnancy termination, abortion, community-based study, contraception, 41
Non-A, non-B hepatitis, viral hepatitis, Ethiopia, maternal mortality, confidential inquiries, folk beliefs, 99
Nova T, intrauterine contraceptive device, TCu 200, contraceptive efficacy, side effects, comparative study, 59

Obstetric management, older primipara, pregnancy complications, 107
Obstructed labour, maternal deaths, hemorrhage, ruptured uterus, maternal infections, 93
Older primipara, pregnancy complications, obstetric management, 107
Oocyte retrieval, gonadotropin stimulation, follicle aspiration, ultrasound, in vitro fertilization, embryo transfer, 309
Ovarian tumors, estrogen and progesterone receptors, clinical assessment, hormonal therapy, 145
Ovary, amenorrhea, gonadotropin, ultrasound, autoimmunity, karyotype, 121
Oxytoxic stimulation, trial labor, prior cesarean section, uterine dehiscence, antenatal clinic attendance, repeat cesarean section, 405

Papanicolaou smear, prematurity, vaginal pH, vaginal flora, 17
Passive immunisation, hepatis B vaccine, immunogenicity, pregnancy, 297
Patent ductus ateriosus, indomethacin in pregnancy, preterm labor, 73
Pelvic abscess, foreign body, 155
Pelvic hydatidosis, *Echinococcus granulosus*, disseminated hydatidosis, abdominal hydatid disease, cystic hydatid disease, mebendazole, 473
Perinatal mortality, twins, growth retardation, size at birth, 399
Placenta percreta, bladder movement, 417
Placental disorders, emergency obstetric hysterectomy, uterine rupture, extension of uterine incision, prostaglandins, complication of hysterectomy, 437
Placentation, twin pregnancy, antepartal death, mode of delivery, maternal morbidity, neonatal morbidity, 331
Postpartum contraception, intrauterine devices, echosonography, 53
Postpartum hemorrhage, uterine artery ligation, 363
Pre-eclampsia, basement membranes, extracellular matrix, fibronectin, reticulo-endothelial system, nephelometry, 441
Pre-eclampsia, hypertension, methyldopa, 35
Pregnancy complications, hematologic, serum ferritin, iron deficiency anemia, prevalence factors, iron status, 291
Pregnancy complications, older primipara, obstetric management, 107
Pregnancy, Copper T-200, continuation, termination, expulsion, removal, side-effect, 315
Pregnancy, external version, breech presentation, fetal heart rate monitoring, tocolysis, 277
Pregnancy, hepatis B vaccine, immunogenicity, passive immunisation, 297
Pregnancy, myometrium, labor, gap junctions, prostaglandins, uterus, 241
Pregnancy outcome, infertility, 113
Pregnancy pathology, umbilical cord, cord knot, 395
Pregnancy termination, abortion, community-based study, Nigeria, contraception, 41
Pregnancy, ultrasound, assessment, cervix, risk, 25
Prematurity, Papanicolaou smear, vaginal pH, vaginal flora, 17
Premenarche, prolapse, 69
Premenopausal hysterectomy, hot flush, gonadotrophin, estradiol, bone mineral index, ultrasound, 459
Preterm labor, patent ductus ateriosus, indomethacin in pregnancy, 73
Pre-trial scoring for primary cesarean section, child-birth following primary cesarean section, 199
Prevalence factors, pregnancy complications, hematologic, serum ferritin, iron deficiency anemia, iron status, 291
Previous symphysiotomy, symphysiotomy, cesarean section, cephalopelvic disproportion, Tanzania, delivery care history, appropriate technology, 451
Prior cesarean section, trial labor, uterine dehiscence, oxytoxic stimulation, antenatal clinic attendance, repeat cesarean section, 405
Procidentia, newborn, uterine prolapse, 151
Progesterone, rubella vaccination, clinical reaction, HLA types, basal body temperature, menstrual cycle, 207
Prolapse, premenarche, 69
Prophylatic antibiotics, uterine fibromyomata, infertility, chronic pelvic inflammatory disease, hypertension, wound infection, 413
Prostaglandins, emergency obstetric hysterectomy, placental disorders, uterine rupture, extension of uterine incision, complication of hysterectomy, 437
Prostaglandins, myometrium, labor, gap junctions, uterus, pregnancy, 241

Radiation change, sequential, carcinoma cervix, 303
Recurrence, estrogen receptors, therapeutic response, 127
Removal, Copper T-200, continuation, termination, expulsion, pregnancy, side-effect, 315
Repeat cesarean section, trial labor, prior cesarean section, uterine dehiscence, oxytoxic stimulation, antenatal clinic attendance, 405
Reticulo-endothelial system, basement membranes, extracellular matrix, fibronectin, pre-eclampsia, nephelometry, 441
Risk, ultrasound, assessment, cervix, pregnancy, 25
Round ligament of uterus, endometriosis, sterility, fertility, inguinal hernia, inguinal tumor, 469
Rubella vaccination, clinical reaction, HLA types, basal body temperature, progesterone, menstrual cycle, 207
Ruptured uterus, maternal deaths, hemorrhage, obstructed labour, maternal infections, 93

Saudi Arabia, cesarean section, 387
Schiller test, biopsy, vaginal neoplasia, intraepithelial neoplasia, cytology, colposcopy, 359
Sequential, radiation change, carcinoma cervix, 303
Serum ferritin, pregnancy complications, hematologic, iron deficiency anemia, prevelence factors, iron status, 291
Sexually transmitted disease, genitalia, amebiasis, carcinoma, 249
Sickle cell anemia, antenatal iron supplementation, iron in sickle cell disease, iron in pregnancy, sickle cell disease, hemoglobinopathy, 433
Sickle cell disease, antenatal iron supplementation, iron in sickle cell disease, iron in pregnancy, sickle cell anemia, hemoglobinopathy, 433
Side-effect, Copper T-200, continuation, termination, expulsion, pregnancy, removal, 315
Side effects, intrauterine contraceptive device, TCu 200, Nova T, contraceptive efficacy, comparative study, 59
Silastic band, contraceptive sterilization, sterilization failure, minilaparotomy, laparoscopy, Colombia, 235
Size at birth, twins, perinatal mortality, growth retardation, 399
Sterility, endometriosis, round ligament of uterus, fertility, inguinal hernia, inguinal tumor, 469
Sterilization failure, contraceptive sterilization, minilaparotomy, laparoscopy, silastic band, Colombia, 235
Subsequent pregnancy, very-low-birth-weight infants, 445
Surgery, hysterectomy, infection, antibiotics, cephalosporins, cancer, 133
Symphysiotomy, cesarean section, cephalopelvic disproportion, Tanzania, delivery care history previous symphysiotomy, appropriate technology, 451

Tanzania, symphysiotomy, cesarean section, cephalopelvic disproportion, delivery care history, previous symphysiotomy, appropriate technology, 451
TCu 200, intrauterine contraceptive device, Nova T, contraceptive efficacy, side effects, comparative study, 59
Termination, Copper T-200, continuation, expulsion, pregnancy, removal, side-effect, 315
Therapeutic response, estrogen receptors, recurrence, 127
